Questa fiaba in simboli è concessa in libera distribuzione da Leonardo Ausilionline s.r.l. e fa parte della collana faciLibri®

faciLibri® è un progetto di storie in simboli accompagnate da attività e giochi e pensato per bambini e ragazzi che presentano Bisogni Comunicativi Complessi.

Gli obiettivi del progetto sono diversi:

- sviluppare o aumentare le abilità di literacy dei bambini ovvero la capacità di comprendere, utilizzare e riflettere sui testi. Si tratta di una competenza fondamentale per tutte le persone per arrivare a raggiungere i propri obiettivi, sviluppare conoscenze e potenzialità e svolgere un ruolo attivo nella società;
- promuovere una partecipazione attiva alla lettura attraverso tabelle di comunicazione e contenuti che favoriscono la partecipazione alle conversazioni con i pari e la condivisione delle proprie opinioni ed esperienze personali.

Oltre alla lettura, possono essere proposte attività di comprensione e di arricchimento del lessico attraverso un set di materiali manipolabili.
